With extensive experience across Real Estate VA, Project Management, Graphic Design, Video Creation, WordPress/Joomla development, and eCommerce, I deliver creative and operational solutions that drive results. In real estate, I've supported lead generation, property research, CRM management, and client communication—helping teams boost qualified leads by 40% and reduce response times by 60%. As a project team lead, I've managed remote teams using tools like ClickUp and Trello, improving project delivery rates from 68% to 95%. My design work has produced over 500 graphics and 50+ brand assets, increasing engagement and pre-orders by 30%+. I've created marketing videos that generated over 120K organic views and improved campaign ROI by 27%. As a front-end web developer, I've customized 30+ WordPress and Joomla sites, improving mobile performance and lowering bounce rates by 35%. In eCommerce, I've optimized 100+ listings across Shopify, Amazon, and Walmart, increasing conversions by 22% and monthly revenue by \$8K. My strength lies in delivering clear, on-brand content while managing efficient workflows that align with business goals.

💡 Results-Driven Experience (Challenge – Action – Result):

- **Challenge:** A Shopify store had over 150 disorganized and incomplete product listings, causing frequent customer complaints and abandoned carts.
Action: Audited, updated, and optimized product titles, descriptions, pricing, and SEO tags; added high-quality images.
Result: Reduced product-related inquiries by **70%** and increased checkout completion rate by **28%** within 4 weeks.
- **Challenge:** An Etsy seller lacked clear branding and had inconsistent responses to customer inquiries, affecting ratings.
Action: Created standard message templates, improved product descriptions, and designed cohesive shop visuals.
Result: Raised store rating from **3.8 to 4.9 stars** and boosted monthly sales by **35%** in 2 months.
- **Challenge:** A client's WooCommerce site suffered from delayed fulfillment and support response time during a product launch.
Action: Streamlined order processing workflow, set up auto-responder emails, and managed Zendesk for live support.
Result: Cut average response time by **50%** and maintained a **98% customer satisfaction score** during launch week.
- **Challenge:** A high-volume eCommerce brand was manually updating inventory and running into overselling issues.
Action: Implemented automated stock tracking using integrations and built out a custom spreadsheet tracker as backup.
Result: Eliminated overselling errors and reduced manual workload by **60%**.

Freelance Visual Artist

Transforming ideas into impactful visuals that drive engagement, elevate brands, and tell powerful stories through art.

As a Freelance Visual Artist, I've worked with over **35 clients across the U.S., Australia, and Southeast Asia**, delivering custom illustrations, digital artworks, branding materials, and promotional graphics tailored to each client's vision and goals. My projects span across industries—real estate, law, fashion, events, education, and digital marketing—giving me a deep understanding of visual communication for various audiences.

Key Skills:

- ✓ Digital Illustration (Adobe Photoshop, Illustrator, Procreate)
- ✓ Brand Identity Design
- ✓ Social Media Content Creation
- ✓ Poster and Banner Design
- ✓ Layout and Typography
- ✓ Art Direction and Creative Conceptualization
- ✓ Collaboration with Marketing and Development Teams
- ✓ Time Management and Remote Communication

Highlights & Achievements (Using Challenge–Action–Result format):

- **Challenge:** A real estate agency struggled with low engagement on their social media channels and outdated visual branding.
Action: Designed a modern, consistent visual identity package and produced 50+ digital assets (including social tiles, ads, and posters) tailored to their target market.
Result: Increased their Instagram engagement by **120% in 3 months** and helped generate **17 new property leads**.
- **Challenge:** An online clothing brand launching their first collection needed a visually striking campaign to compete in a saturated market.
Action: Created a full suite of promotional visuals including lookbook illustrations, packaging design, and animated teaser reels.
Result: Their collection sold out in **72 hours**, with **42% of customers citing visuals as a key reason for purchase** (based on post-sale survey).

- Challenge:** A non-profit needed compelling artwork for a campaign raising awareness on climate change but had minimal budget and limited direction.

Action: Volunteered time and produced a series of 3 digital illustrations and a poster series used in both online and printed materials.

Result: Campaign reached **20,000+ users organically** and was featured in 2 local digital art publications.

- Challenge:** A law firm wanted to modernize their client onboarding materials and event collaterals but had no in-house creative team.

Action: Designed brochures, banners, and infographics based on legal content, ensuring clarity and professional branding.

Result: Enhanced their client perception, leading to a **15% increase in consultation bookings** within the first month of launch.
